

I CAN'T HELP IT (if I'm Still in Love with You)
Hank Williams

D A7 D
Today I passed you on the street
G D
and my heart fell at your feet

A7 D A7
I can't help it if I'm still in love with you
D A7 D
somebody else stood by your side
G D
and he looked so satisfied
A7 D D7
I can't help it if I'm still in love with you

G D
A picture from the past came slowly stealing
A7 D D7
as I brushed your arm and walked so close to you
G D
then suddenly I got that old time feeling
A7 D
I can't help it if I'm still in love with you

G D
It's hard to know another's lips will kiss you
A7 D
and hold you just the way I used to do
G7 D
O, heaven only knows how much I miss you
A7 D
I can't help it if I'm still in love with you
A7 D
I can't help it if I'm still in love with you
