Karen I'll tell you what life is to me
D Bm Cmaj7 D
A time to be secure and a time to be free
Cmaj7 D
A time to be something and a time to be me C D G
And somewhere when the night is clear
C D G Em
And the moon and the stars are near, very near
C D G
Then we'll try and start all over once again.
Hey Karen I'll tell you what love is to me Autumn leaves falling in soft summer breeze Something so beautiful shared freely by two. And one day when the time is clear And if you and I should grow near, very near Then we'll try and start all over once again.
Hey Karen I'll tell you what leaving you means A little bit of sorrow and a little disbelief A lot of time to kill, but then I'll be so free And somewhere when the night is clear And the love you show is sincere, so sincere Then we'll try and start all over once again.
Hey Karen I love you and I'm feeling very sad Thinking over the good times we had Knowing when tomorrow comes, I must go away
C D G  And some day when our thoughts are clear C D G Em  Then you and I will be free, very free C D Em  To try and start all over once again C D G  We'll start the whole thing over once again.
