

LOVE'S SWEET MELODY

Am D G
When first I saw you in the moonlight
 Am D G
A vision in the cool night air
 Am D
And before the night was through
 Em
My heart belonged to you
 C D G
And I heard the sound of love's sweet melody.

Your eyes shown like starlight from Heaven
And your voice warmed the cool night air
When I reached out to touch your hand
You were in my arms and then...
We heard our love's sweet melody.

 C Cmaj7 Am Am7 D G
For our love's a song to be sung by you and me
 C Cmaj7 Am Am7 D G
And our love's a song that sounds good in any key
 C Cmaj7 Am Am7 D G
Hear it now, it's such a lovely tune
 C Cmaj7 Am Am7 D G
Hear our love's sweet melody.

And hand-in-hand we walk together
Hope' in our hearts and in all we do
All my dreams are coming true
'Cause my life's been blessed by you
And I know what a lucky man I am.

And the good times we spend together
Make life but a gently harmony
And the happiness we share
Like music fills the air
And we can hear our love's sweet melody.

And through the years we grow together
Raisin' a family of our own
And our children's eyes will glow
With the happiness we've shown
And they will hear our love's sweet melody.

'Cause our love's a song to be sung for you and me
And our love's a song that sounds good in any key
Hear it now, it's such a lovely tune
Hear our love's sweet melody.

C Cmaj7 Am Am7 D G
And we can hear our love's sweet mel-ody.
